

APPENDIX C

ILLEGAL DUMPSITE ASSESSMENT FORM

PA CleanWays of Indiana County is a volunteer organization that fights illegal dumping and littering. PA CleanWays' goal is to protect, restore, and maintain the environmental and scenic qualities of our roadways, waterways, pathways and other areas. PA CleanWays' activities include organizing community cleanups by assisting individuals or groups in acquiring resources to get the job done and education to help change attitudes and behaviors.

To support our activities, please consider becoming a member.

DO YOU KNOW
OF AN ILLEGAL
DUMPSITE
IN YOUR
COMMUNITY?

IF SO, PLEASE HELP US
IDENTIFY THESE DUMPS BY
FILLING OUT AND RETURN-
ING THE ENCLOSED SURVEY.

HELP STOP
ILLEGAL DUMPING IN
INDIANA COUNTY!

THE PROBLEM

Illegal dumping almost always occurs in remote and isolated places. Quite often the trash is thrown over hillsides and is completely out of sight of passing motorists. As a result, few people are aware that the problem exists. Even fewer are aware of its widespread prevalence.

PA CleanWays of Indiana County is conducting an illegal dumpsite survey. The purpose is to identify, assess and document every illegal dumpsite within Indiana County. The information gathered will then be used to increase public awareness, support, and involvement in a cleaner community.

Our goal is to educate the public on both the environmental and personal consequences of illegal dumping and to generate community interest in clearing up the dumpsites.

Only illegal dumpsites which appear to be used by the general public will be included in this survey.

THE SOLUTION

1. Township or Borough where dumpsite is located:

2. Location of dumpsite (use route numbers, landmarks or property names - see example)

SR 407

3. Is the dumpsite near a waterway or wetland? (If yes, which one?)

4. What kinds of materials are in the dumpsite? (please check)

- Tires
- Appliances
- Building materials
- General household trash
- Paint cans
- Petroleum products
- Other _____

5. Approximately how many pickup truckloads would it take to haul away the trash?

6. Optional Information (in case we have questions about site location)

Name _____
Address _____
Phone _____

If you know of more than one site please feel free to copy this form as needed.

TO RETURN, simply fold the flaps of the brochure inward and tape.
